PROFESSIONAL SUMMARY
Results-driven early-career IT Project Manager with technical background and hands-on experience leading a small Agile development team building NutriCoachAI — a mobile app integrating AI-based nutrition analysis. Skilled in project coordination, backlog management, stakeholder communication, and cross-functional team leadership. Strong interest in IT project management, digital transformation, and AI-driven products.

TECHNICAL SKILLS
• Agile / Scrum / Kanban
• Jira, Confluence, Trello
• React Native (basic), JavaScript fundamentals
• SQLite, API integrations (basic)
• AI tools for documentation & automation
• Requirements gathering, user stories, acceptance criteria
• Risk management, delivery planning, release coordination

PROFESSIONAL EXPERIENCE

Freelance Project Manager & Product Owner – NutriCoachAI (2022–2024)
• Led a distributed cross-functional team delivering mobile AI-driven features.
• Managed backlog, sprints, documentation, and stakeholder communication.
• Integrated AI-based food recognition and nutrition analysis workflows.
• Coordinated QA, testing, and release cycles.

Social Media Manager – Kristinedal Burgers, Copenhagen (2024–2025)
• Managed content creation, campaigns, and brand communication.
• Increased customer engagement and supported business growth.
• Strengthened negotiation, planning, and cross-team collaboration skills.

Artist Manager & Coordinator – Smile & Soul Entertainment, New Delhi (2016–2019)
• Coordinated international events with artists and agencies.
• Managed logistics, contracts, and communications.

CERTIFICATIONS
• Google Project Management Certificate (Coursera)
• Scrum Fundamentals Certified (SFC™)
• Agile Project Management Specialization (Coursera)
• Additional courses: HTML/CSS/JS basics, SQL basics, AI tools for PM
